18. After the machine uses color flame oil, the machine must be re-installed with normal flame oil, and then make the machine fire several times till there is no color fire out, in order to clean the residual color oil inside the machine to avoid corrosion of machine parts. (Spraying fire time more than 8 times).
19. The machine can only spray one color at one time, please remember to install the color flame oil in order.

## II. PRODUCTS FEATURES.....■

1. Advanced design.
2. Flame height: 1-3 meter.
3. DMX control mode, 4 channels: From power socket is 1<sup>st</sup>, clockwise order is 2<sup>rd</sup>, 3<sup>st</sup>, 4<sup>th</sup>.
4. You can freely control the machine's fire style with controller, notice the machine can't spray multi kinds of color at one time.
5. With power indicator and power switch.
6. Convenient handle design.
7. Flame oil: 480ml, can spray about 70 times.

## III. TECHNICAL PARAMETERS.....■

Item Name Parameter	Color Flame Projector
Voltage	AC220V/ 110V, 50Hz/ 60Hz
Power	350 W
Size	50*28*28 cm
Weight	12.5 KG

Notice: The company reserves the right of product improvement and technical parameters of the renewal right, the product you bought may have improved, but not completely consistent with the specifications, sorry we will not inform specially, please check the product nameplate on the labels!

#### IV. PART NAME.....■

No.	Icon	Instruction
①		Dmx DIP: Adjust the machine address number.
②		Power Indicator: red light after the machine is turned on.
③		Dmx Cannon: DMX512 signal input and output.
④		Power input socket: Machine power input socket.
⑤		Flame outlet.
⑥		Handle.
⑦		Flame oil pallet.
⑧		Hatch.
⑨		Igniter.

## V. INSTALLATION INSTRUCTION.....■

### ● Installation Preparation

- Open the packing box, counting the accessories accompanied, read the manual carefully.
- The fuel must be special flame oil.

## VIII. AFTER-SALE SERVICE.....■

The warranty time is one year since the date of purchase, you may get help and solve way through our technical support at any time, and we could offer free parts necessary to repair products.

One of the following conditions not covered under warranty:

1. Because the consumer use, maintenance, transportation, damage caused by improper storage;
2. Non designated personnel to repair the damage caused by the disassembly of products;
3. Because of damage caused by force majeure. Abnormal voltage, such as fire, earthquake, tsunami, debris flow;
4. More than the warranty period.

\* if found quality problems please contact sales center or after sale service, do not disassemble, due to quality problems caused by self-disassembly or accident, the company will not bear any responsibility.

\* The company reserves the right of final interpretation of the above commitments.

## IX. ACCESSORIES.....■

Item Name	Quantity	Item Name	Quantity
Color Flame Projector	1 pc	Signal Cable	4 meter
Power Cable	1 pc	Manual	1 pc

## X. TROUBLESHOOTING.....■

No.	Problem	Reason	Solve
1	Power Indicator is not lighting, machine with no power.	Power is not turned on.	Turn on the power.
2	Turn on the power, the machine does not work.	Signal is not turned on.	Check the signal cable.
		Wrong dips, or over 512.	Adjust right dips.
3	No flame.	Do not install the flame oil.	Install the flame oil.
		Flame oil has been used up.	Replacement of the new flame oil.
		No ignition.	Please call us.
4	No obvious flame.	Flame oil near end.	Replacement of the new flame oil.
		Flame oil's pressure is not enough.	Replacement of the new flame oil.
5	Cannot close machine.	Valve blockage.	Depot repair.
6	Solenoid valve can work, but there is no EDM.	Igniter is too close.	Cut off the power, adjust the igniter's distance with pliers.

## I. DETAILS

Tipo: Multicolor Flame machine DMX

Potenza: 350W

Area di copertura: 1-3m

Emissione: 350mc

Controllo: DMX

Canali DMX: 5CH

Capacità serbatoio: 0.35L

Adatto a: indoor&outdoor

Liquido utilizzabile: color flame oil bottle

Alimentazione: AC 220-240v 50/60Hz

Dimensione (mm): 35\*34\*60cm

Peso (Kg): 14.5kg
